

Country Strategy Papers 2014-2020

(2nd draft)

Sector: Environment

- infrastructure investment in the environment sector, notably in water, water treatment facilities and waste management.

Territorial Cooperation - Cross-border Programmes

- 3 cross-border programmes with Montenegro, Kosovo* and the former Yugoslav Republic of Macedonia.
- bilateral programme with Greece and a tri-lateral programme with Italy and Montenegro

Each programme has a set of 3/4 specific priority axes, which *may* vary across 8 themes including:

4. Environmental protection, climate change and **risk prevention**

Sector: Environment

1. Harmonisation of environment and climate legislation in priority areas
 - establishment of systems for drinking water quality control and for **flood management**;
2. ...
3. Pilot measures for introduction of sustainable development
 - Support climate change mitigation and adaptation, e.g. through support for capital investment projects for renewable energy plants, **disaster risk reduction** activities, introduction of CO2 emission reduction technologies.

Disaster risk reduction can be supported through the multi-beneficiary programmes on civil protection and disaster prevention.

Territorial Cooperation - Cross-border Programmes

-

Sector: Environment

Environment and climate change legislation

- in particular as regards waste management and water treatment (Water Framework directive)
- Capacity for adaptation to and mitigation of climate change improved

Cross-border Programmes

- joint water management

Sector: Environment

Environment and climate change legislation

...further substantial support is needed with harmonisation and implementation of the EU acquis for waste management, water management, ... industrial pollution control and **risk management**...

Sector: Justice and Home affairs

Corruption, organised crime, migration, border management, media freedom

Type of financing

Under the multi-beneficiary IPA programmes, complementary support should be provided in areas, where objectives can be better achieved at regional rather than national level, especially for fight against organised crime, ... and **management of emergency situations**.

From the EU programmes, the Justice programme ,... and **Civil Protection Financial Instrument** (SCFI) are relevant for this sector and in line with the IPA priorities for Serbia. Serbia may therefore benefit from IPA support to cover partly costs for participation in these programmes, following the national prioritisation process among all the EU programmes.

Sector: Agriculture

- Under the multi-beneficiary IPA programme, support could be focused on sustainable land and forest management and **surveillance of forests in order to prevent forest fires**.

Territorial Cooperation - Cross-border Programmes

Each programme has a set of 3/4 specific priority axes, which **may** vary across 8 themes including:

4. Environmental protection, climate change and **risk prevention**

Turkey

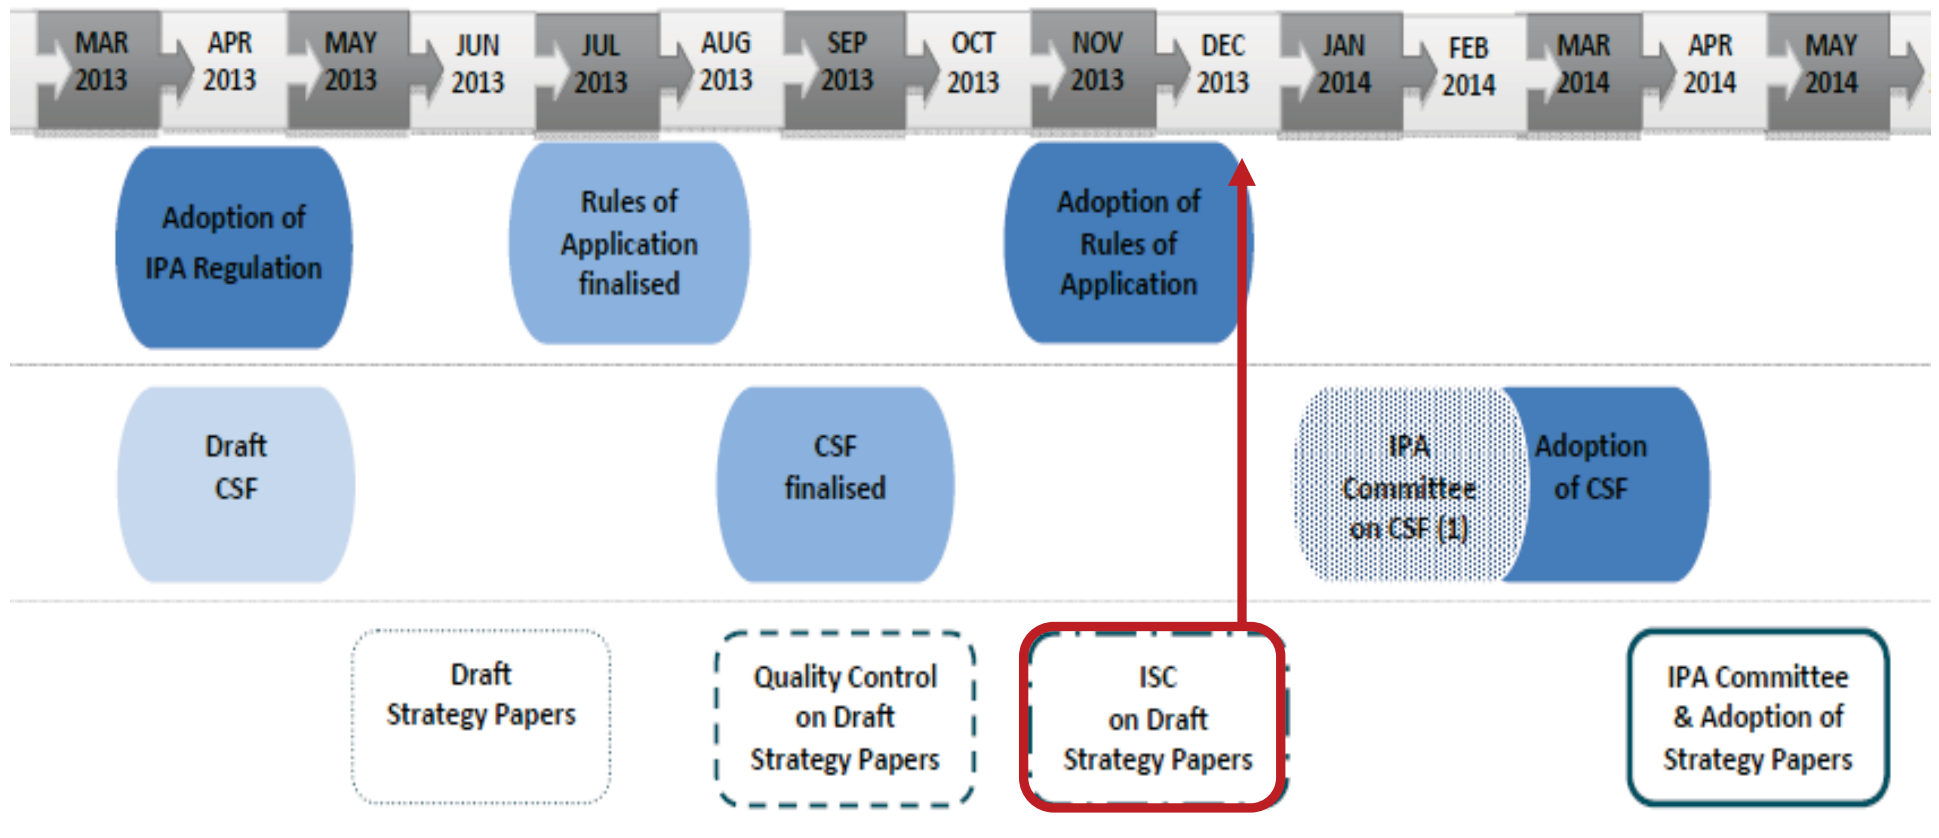

Sector: Environment

- Actions in the field of **civil protection** will be focused on the **strengthening of the institutional capacity for disaster risk management and emergency response and supporting Turkey's participation to EU's civil protection mechanism.**

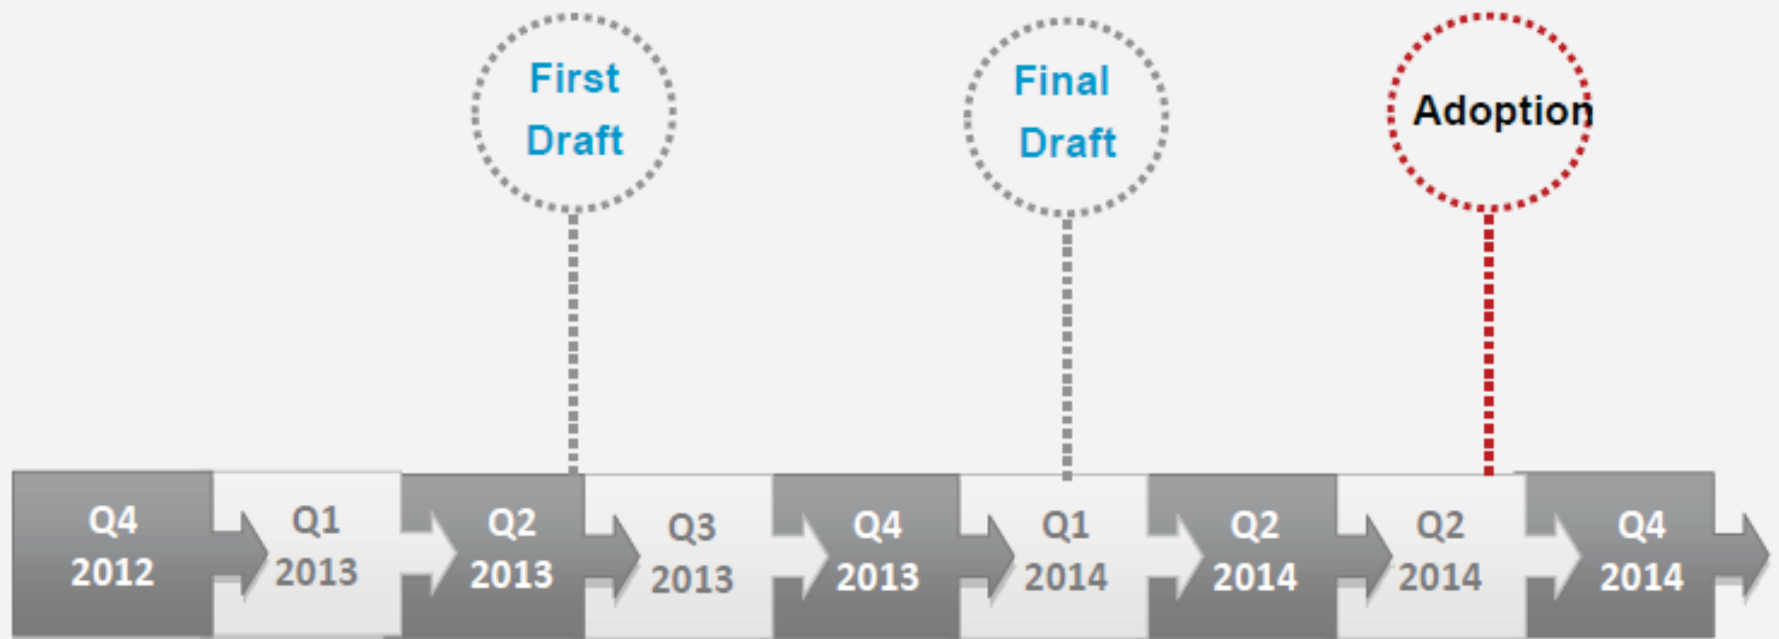

IPA II (2014-2020)

IPA II Tentative Timeline

Country Strategy Papers (CSPs)

tentative timeline
(first round of Strategy Papers)

IPA Committee

- The **multi-annual programming document** will foresee indicative annual budget allocations; defines a set of indicators to measure the impact of the programme and identifies the specific areas, which will be eligible for funding.
