

**Disaster Preparedness and Prevention Initiative
(DPPI-SEE) Workshop
Making Cities Resilient 2030 (MCR2030)
June 6 and 7, 2022 - Antalya, Turkey**

Lidija Petrone Kolar
Head of Territorial Unit Herceg Novi
Pera Pavlica Dragišić
Head of Territorial Unit Bar
Rescue and Protection Directorate
Ministry of Interior of Montenegro

The field of protection and rescue in Montenegro is regulated with the:

- Strategy for Disaster Risk Reduction,
- Law on Protection and Rescue,
- Law on Local Governance and
- plans for protection and rescue against different types of natural and man-made hazards.

The Ministry of the Interior, Rescue and Protection Directorate, is in charge of rescue and risk management, disaster protection and emergency remediation management. This enables unified prevention, preparedness and response to natural, technical, technological and other disasters.

PODGORICA, 16 December 2014 - Montenegro became the 27th country in Europe to launch a National Platform for Disaster Risk Reduction, a key step towards implementing the world's first global blueprint for reducing disaster risk, the Hyogo Framework for Action.....

The Strategy for Disaster Risk Reduction with Dynamic Plan of Activities for implementation of the Strategy for the period 2018-2023

Podgorica, 21. decembar 2017.

DRR identified the following hazards:

NATURAL DISASTERS

Geological hazards (earthquakes, erosions, landslides, etc.);

Hydro meteorological hazards (floods, flash floods, meteorological storm, thunderstorm, hailstorm disasters/storm, vortex atmospheric phenomena, snow, blizzards, snowdrifts, frost, heat, tropical waves, cold waves, stormy, devastating winds, cyclones and anti-clones, fog, droughts, wildfires and forest fires);

Biological hazards (epidemics, epizootics, and epiphytias) and

Natural phenomena and hazards at sea

TECHNICAL-TECHNOLOGICAL AND OTHER ACCIDENTS

Industrial accidents and accidents in the road transport of hazardous substances;

Railway accidents and accidents at sea;

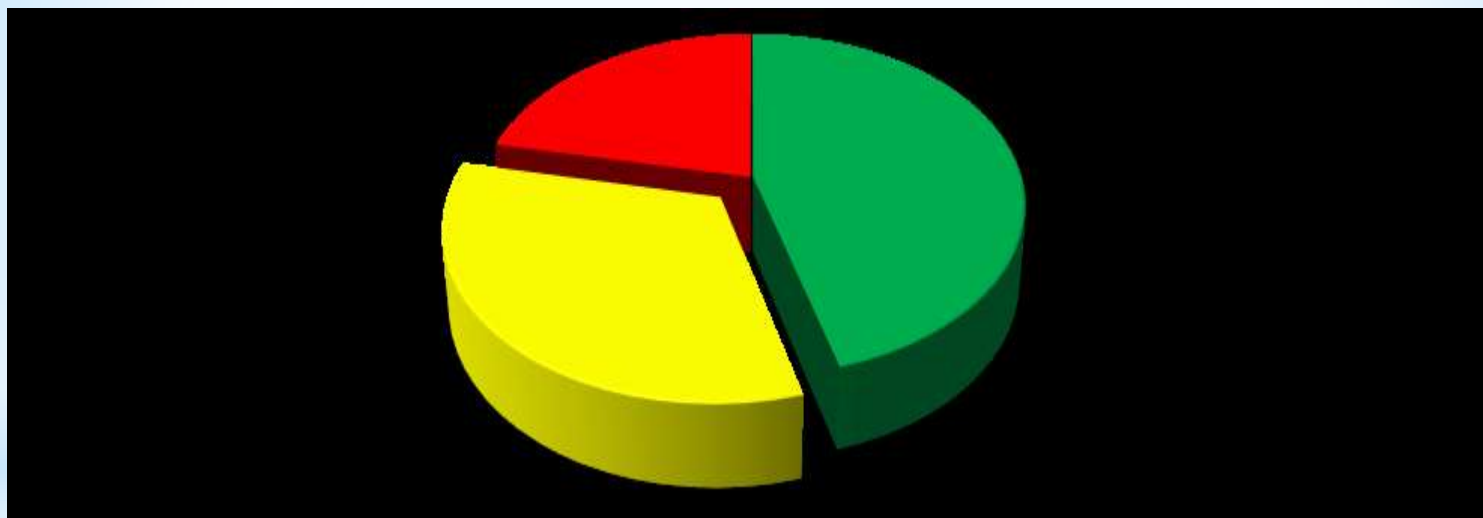

Accidents in air traffic;

Nuclear and radiological accidents;

Fires in public-purpose and energy facilities and installations;

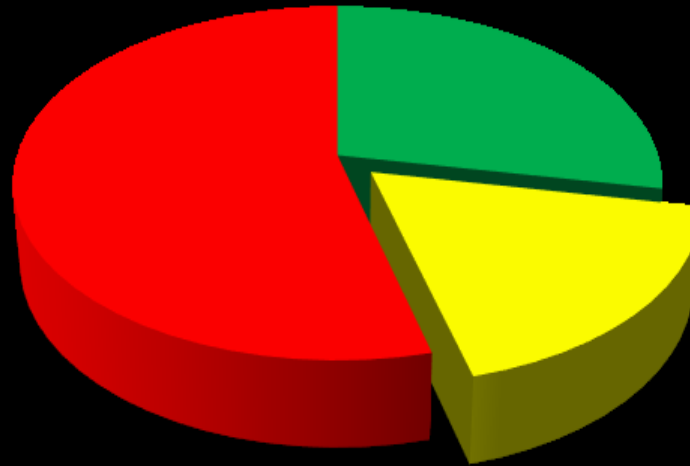

Air and chemical pollution.

| Realized | 28% |  |
| In progress | 36% |  |

24 municipalities

5 activities

1. Establish notification and alert system in a all local selfgoverments (acoustic studies, equipment procurement and installation).....

Not realized in 23 municipalities

1 in progress (Plužine)

- there are no companies in MNE which develop acoustic studies;
- lack od financial resources;
- a tender was announced but there were no applications;
- COVID - 19;
- reasons not provided...

2. Development of local disaster risk reduction strategies

Realized (Danilovgrad)

- lack of experts in municipalities;
- lack of financial resources;
- COVID - 19;
- reasons not provided...

3. Preparation of local disaster risk assessments

"Disaster Risk Assessment of Montenegro", which contains 51 scenarios for individual risks, 8 scenarios for multi-risks, and 53 risk maps, was made in December 2021.

94 experts and members of the working group worked on the drafting of the document, at the initiative of the Rescue and Protection Directorate of the Ministry of the Interior of Montenegro, and in cooperation with the EU.

4. Development of local protection and rescue plans for different types of risks

5. Establishment of protection and rescue services in the municipalities of Plužine, Petnjica and Gusinje

Realized/formed (Petnjica)

In progress (Plužine i Gusinje)

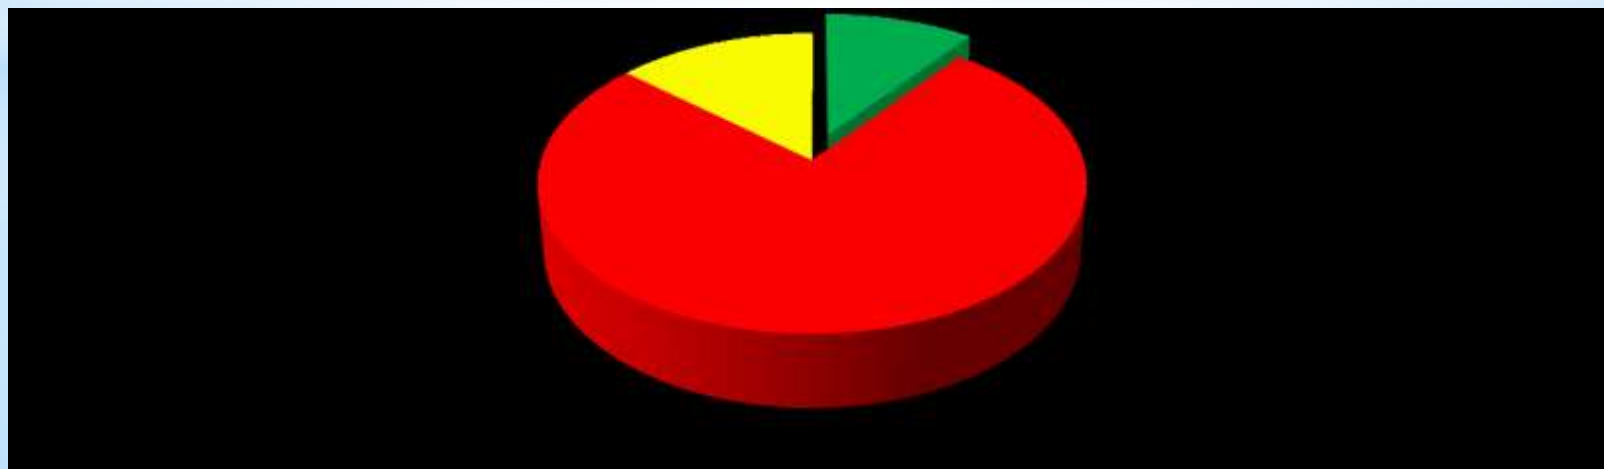

In the previous year, the municipalities were obliged to implement 5 activities (125 subactivity), of which none of the activities was fully implemented....

Realized 13 - 10 % 

In progress 17 - 14 % 

Not realized 95 - 76% 

Realization in municipalities in 2021

Making Cities Resilient involving local communities in the campaign...

Cetinje

Danilovgrad

Kotor, Tivat and Herceg Novi

The poster features logos for MCR 2030 (Making Cities Resilient), City Resilience Program, and UNDRR. The main title is "MCR2030-UNDRR-CRP Webinar: City Resilience Program (CRP): Supporting cities in building resilience". The event is scheduled for Wednesday, 2 February, 2022, from 7:00 - 8:00 EST | 13:00 - 14:00 CET | 21:00 - 22:00 KST. The event language is English, with simultaneous interpretation in French & Spanish. The poster lists three speakers: Manuela Chapperton (Senior Operations Officer, World Bank), Steven Louis Stenberg (Director, Trade Integration Operations, World Bank), and Megha Muker (Senior Urban Economics Specialist, World Bank). It is organized by the City Resilience Program (CRP), UNDRR Global Education and Training Institute (GETI), and Making Cities Resilient 2030 (MCR2030). A registration link is provided: <https://bit.ly/MCR2030-CRP-Register>. Social media links for LinkedIn, Facebook, and Twitter are also included.
